APPROP-Budget

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Long Range Planning

1. In addition to the DD/S briefings of the Long Range Planning Group which were mentioned during our last discussion, two others are being scheduled. Mr. Baird will give a briefing on 21 July. Arrangements have also been completed for a briefing to be given by Dr. Tietjen. Although no firm date has been set, it will most likely be scheduled during the coming week--possibly Monday, 19 July.

2. The Planning representatives of the Office of Logistics and Finance have, in response to my inquiry, indicated that no briefings are planned. All others either have or are scheduled to make a briefing contribution.

Acting DD/S Planning Representative
